

The drawing consists of two parts: a plan view (top) and a cross-section view (bottom).

**Plan View (Top):** Shows a rectangular window frame assembly. The overall width is 180 and the overall height is 210. The frame is composed of several parts: a central pane (1), a side rail (2), a top rail (3), and a bottom rail (4). The frame is divided into a grid of 12 panes (3 rows by 4 columns). The panes are labeled 1, 2, 3, and 4. The frame is shown with dashed lines indicating the internal structure and the location of the panes. The frame is shown with a 15mm gap between the frame and the pane.

**Cross-section View (Bottom):** Shows a vertical cross-section of the window frame assembly. The overall height is 180. The frame is composed of a side rail (2) and a top rail (3). The frame is shown with a 15mm gap between the frame and the pane. The frame is shown with a 15mm gap between the frame and the pane.
